MY WAY

*(Methodist Hospital's Crystal Ball - October 11, 2008)*

First rate, just have to state, I think it's great, the way you rally  
To share with fun and flair, the best health care, in the San Gabriel Valley  
A wee, team shining through, with Angela Fu,  
And you each adore Schway (Houch)  
For Tom Back those cheers, And for great volunteers  
Here's MY WAY, your way!

There's Sue, Sue Francis you, and David Ratto too, How you empower  
It starts how you raise funds, and you'll need team for your new tower  
Can't fail, you will prevail with Duck and Susan Hale; they're like no others  
Though times aren't great, prostanes won't wait for Lehman Brothers

Your dream location can't be beat, With Santa Anita across the street  
Each day's well-spent, you've no regrets  
You're saving lives and places here  
Win, place, or show, it's nice to know, we're winning your way

Must say, at this grand scene, giving "My Way", makes me feel regal  
No lie, this show's "on me" for Dennis Lee and Mickey Segal  
Revere your 19<sup>th</sup> year, to each person here, We honor you so  
The future calls, let's build those walls by Rick Carson!

For this amazing "Crystal Ball", We can predict for one and all  
New generations of great care, Methodist Hospital will be there  
State of the art, healing with heart, 'cause you share your way!

Great Every *Paul Anka*
